

Covid-19 Addendum –Intimate Care Policy

August 2020

Following the Government's decision for some pupils to return to school from the 1st June 2020, the following amendments to the existing Toileting and Intimate Care Policy will be followed.

Any member of staff engaging in intimate care with some pupils must wear PPE provided. If a member of staff has been identified as vulnerable and instructed to not provide personal/intimate care as a result of their risk assessment, they must not engage in an activity that would pose a threat. This includes nose-wiping, toileting, attending to nose bleeds etc.

If a second member of staff is required as the toilets are not adjacent to the group area, staff should contact the office. A second member of staff will then attend whilst adhering to social distancing guidelines. Soiled clothes should be double bagged and kept in a safe area at least 2m away from staff and pupils.
